**KANSAS ASSOCIATION OF SUPERVISION AND CURRICULUM DEVELOPMENT and the UNIVERSITY OF KANSAS PRESENTS**

**“The Gift: Understanding The Principles of Good Teaching”**

**By Robyn Jackson, Author of “Never Work Harder Than Your Students”**

“Any teacher can become a master teacher by developing a master teacher mindset. The master teacher mindset can be achieved by rigorously applying seven principles to your teaching until they become your automatic response to students in the classroom. The more you practice these principles, the more you begin to think like a master teacher.”

Robyn Jackson

Make plans now to join students and educators across the state in learning more about the “Seven Principles” outlined in Robyn’s book. We are please to announce that KASCD is partnering with the University of Kansas to host Robyn’s conference. KASCD understands that districts will have a difficult time allowing staff development opportunities. In an effort to help make this quality opportunity available to more people, we are pleased to announce that Robyn’s presentation will be broadcast live across the state to Emporia State University, Wichita State University, Kansas State University, Pittsburg State University and the Southwest Plains Service Center. We believe that this will provide educators across the state with an excellent opportunity to participate in Robyn’s presentation while not incurring a tremendous amount of added costs for lodging, meals and transportation.
