KANSAS ASSOCIATION OF SUPERVISION AND CURRICULUM DEVELOPMENT and the UNIVERSITY OF KANSAS PRESENTS

“The Gift: Understanding The Principles of Good Teaching”

By Robyn Jackson, Author of “Never Work Harder Than Your Students”

KASCD believes that it is imperative for professionals to model the type of continuous and sustainable staff development that teachers need. In this endeavor, we are bringing Robyn back for a follow-up session. Robyn has a new book that focuses on her first three principles discussed last year. This will not be the same content that was covered last year. We are truly looking to the application and impact levels of instruction.

Make plans now to join students and educators across the state in learning more about the “Seven Principles” outlined in Robyn’s book. KASCD understands that districts will have a difficult time allowing staff development opportunities. In an effort to help make this quality opportunity available to more people, we are pleased to announce that once again, Robyn’s presentation will be broadcast live across the state to satellite locations. We have taken steps to improve on last year’s program in an effort to improve the quality of the experience. We believe that this will provide educators across the state with an excellent opportunity to participate in Robyn’s presentation while not incurring a tremendous amount of added costs for lodging, meals and transportation. Locations will be determined based upon demand.
